

Project Manager - Digital Transformation (m/f/d)

To strengthen our team, we are looking for a Project Manager - Digital Transformation (m/f/d) at our headquarters in Wilhelmshaven.

Turbo-Technik is a family-owned company that offers exciting tasks and challenges for trainees, students and graduates as well as for experienced specialists and managers. We challenge, encourage and recognise performance. As a team, we support each other for everyone's success and are a "hands-on" family. We stand for flat hierarchies and short decision-making processes.

In addition to our locations in Rostock and Hamburg, our main headquarters and workshops are located in Wilhelmshaven, Germany.

Your task

- Introduction and implementation of new digital tools to increase efficiency and optimize processes
- Further development of our existing ERP system (MS Dynamics BC)
- Analyzing and evaluating digital trends and technologies for use in the company

Your Benefit

- A fair and open corporate culture in a professional and international environment
- A young, innovative and motivated team and short decision-making processes
- Interesting and challenging tasks in a dynamically growing company

- Managing digital transformation projects and ensuring that targets are achieved
- Training and supporting employees in the use of new digital tools

Your profile

- Successfully completed studies in the field of economics, business informatics, engineering or a comparable qualification
- First professional experience in digital transformation, ideally in a medium-sized company
- Sound knowledge in the application and implementation of digital tools
- Knowledge of ERP systems and possibilities for their further development (on the other side)
- Project management skills and experience in leading cross-departmental teams
- Innovative spirit and the ability to drive and shape change
- Very good written and spoken German and English skills

- The opportunity to actively shape our further growth with commitment and responsibility
- Appropriate remuneration (IG Metall), 30 days' vacation, vacation and Christmas bonuses and a time-off account
Opportunities for professional and personal development

Challenge accepted?

Then we look forward to getting to know you.

About TURBO-TECHNIK

Founded in 1967 in Wilhelmshaven, Germany, the family-owned company Turbo-Technik originated as a ship repair company for voyage and port repairs of seagoing vessels and today specialises in the repair of merchant vessels, from worldwide voyage and port repairs to conversions, after-sales services for large ship equipment as well as spare parts supply. In addition, we carry out repairs and maintenance of naval vessels as well as technical upgrades and modernisations of all kinds of ships worldwide. Another strong market segment of Turbo-Technik is the service, repair and construction of industrial, petrochemical and regenerative energy plants. In the industrial sector, we also offer engineering services, the construction of modules as well as steel construction and contract manufacturing.
