## About TURBO-TECHNIK

Founded in 1967 in Wilhelmshaven, Germany, the family-owned company Turbo-Technik originated as a ship repair company for voyage and port repairs of seagoing vessels and today specialises in the repair of merchant vessels, from worldwide voyage and port repairs to conversions, after-sales services for large ship equipment as well as spare parts supply. In addition, we carry out repairs and maintenance of naval vessels as well as technical upgrades and modernisations of all kinds of ships worldwide. Another strong market segment of Turbo-Technik is the service, repair and construction of industrial, petrochemical and regenerative energy plants. In the industrial sector, we also offer engineering services, the construction of modules as well as steel construction and contract manufacturing.
